OTHER OBSERVATIONS/COMMENTS: *

. A line was drawn to divide trench 2 into two parts, 19026 being nearest 19005/ to the SW side of the trench. 19026 was further excavated while the NE side of 19022 was halted

. Main objective was to examine wall faces and depths of 19005, 19006, 19009; 19026 closed when foundation of 19005 was identified and a change in foundation from large stones to small stones + mortar was observed
