**INTERPRETATION/DISCUSSION:**

small patch of a mortared possible surface - not very even. ca. 10-15 cm higher than pebbled surface 17052 which is hypothesized surface level corresponding to base of column 17003. 17079 could be a later, higher surface level but heavily disturbed by collapse 17003.

**MATRIX:**

		17093		
		17079	This context	
		17116
